

Infrastructure and Places Workgroup

A Preview of the Next Seven Weeks

Growing Michigan Together Commission

- Four workgroups formed to support the commission
 - **Infrastructure and Places**
 - Higher Education
 - Jobs, Talent, and People
 - PreK–12 Education

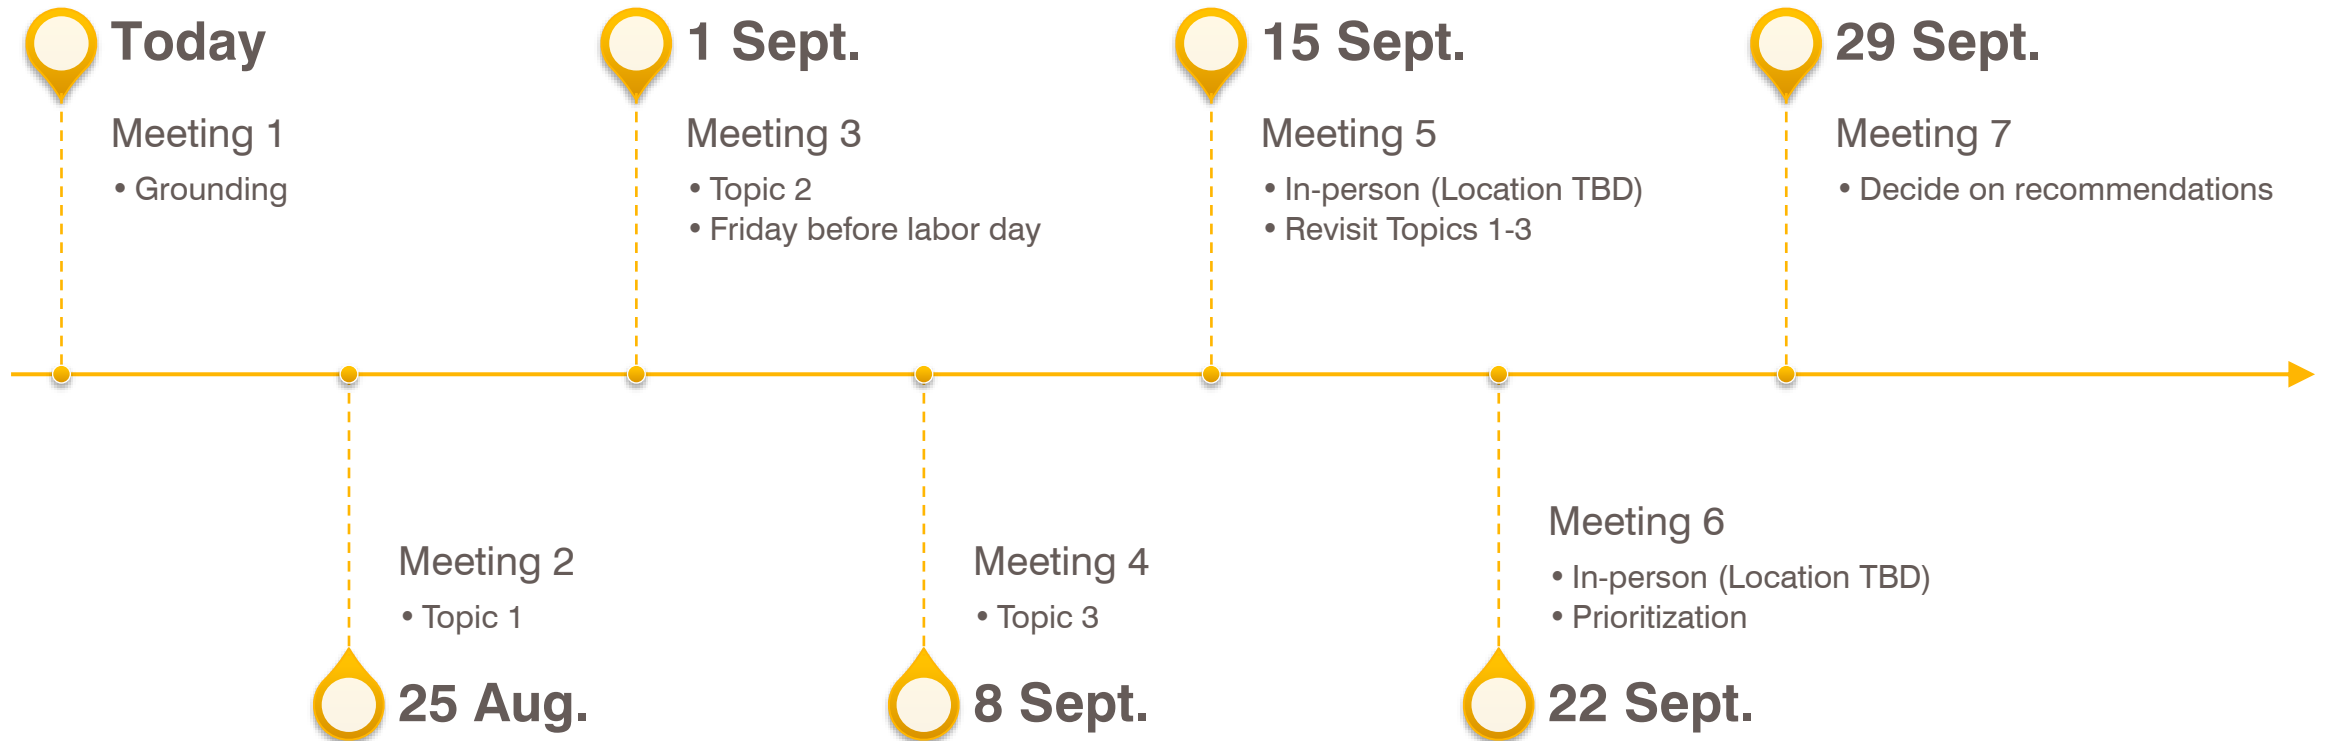

Infrastructure and Places: Workgroup Charge

- Propose long-term, sustainable, and equitable funding solutions for Michigan's multi-modal transportation systems and aging water infrastructure to help meet the 2050 population goal identified by the commission.

Infrastructure and Places: Workgroup Charge

- Consider the need for placemaking investments that will support retention and attraction goals
- Consider the need for sustainable investment among the emergence of more fuel-efficient vehicles and an unprecedented influx of one-time federal money
- Propose solutions on how to create attainable housing options for Michiganders in every income bracket and create investment-ready sites across the state

Workgroup Meeting Flow and Timeline

Meeting Outcomes

Meeting 1

Grounding in workgroup
process/timeline/expectations
Gauge interest/priorities across major issues
Gather research/presentation requests for
future meetings

Meetings 2–4

A list of potential recommendations
A list of parking lot ideas/issues
Approved recommendations for GMTC
review

Meeting Outcomes, Cont.

Meeting 5

Comprehensive list of potential recommendations for each topic area

Meeting 6

Prioritized list of potential recommendations for further planning and discussion
Initial assessment on consensus and issues

Meeting Outcomes, Cont.

Meeting 7

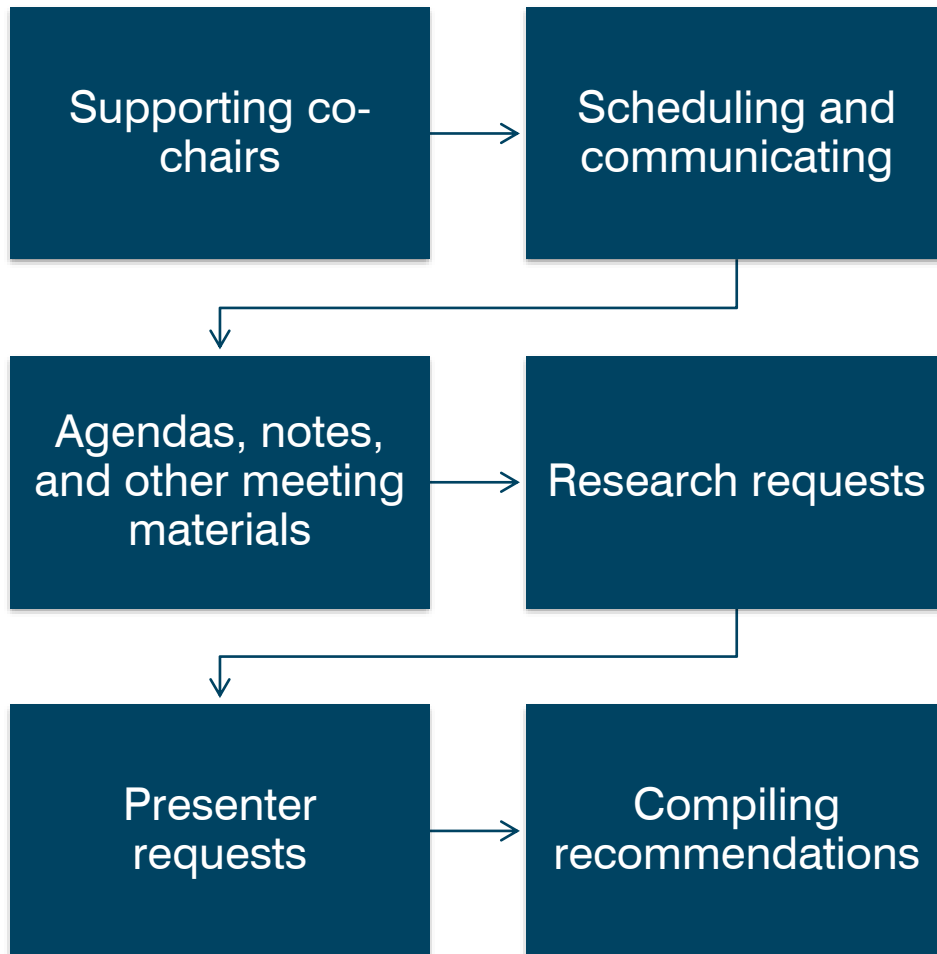

Approved recommendations for GMTC

Submit recommendations

Final workgroup recommendations are
submitted to GMTC on October 5
